Re: Chemical Recovery Systems, Inc. of Elyria, Ohio

Dear Ms. Neudel:

This will confirm our recent telephone conversation during which it was tentatively agreed that representatives of your agency as well as my client would meet in the Detroit, Michigan, Federal EPA office on August 26, 1980. At this point I question the timing of that meeting by reason of the fact that I have not, as yet, received a resume of specific violations alleged on the part of the U.S. Environmental Protection Agency, especially in light of the recent NIOSH report. I feel receipt of this resume well in advance of the meeting is imperative in order that we be properly prepared thus making the meeting useful.

In view of the fact that I will be on vacation from Thursday, August 14 through Sunday, August 24, I question whether there is sufficient time to properly prepare. Please advise.

Very truly yours,

David C. Long
